

DATA SHEET

LED MIRROR AND CABINET LAMP, 5W, 4200K, CHROME, IP44

LOTM542

DESCRIPTION

The fixtures are damp-resistant, with IP44 index of protection, designed for mounting on a cabinet/mirror in rooms with higher dampness levels. The fixtures are a good solution for cabinet and furniture lighting.

BENEFITS

- High protection rate IP44
- Long exploitation period
- Wide beam angle 120°
- Simplistic and elegant design
- Compact size
- Chrome coating

APPLICATION

- Bathroom lighting
- Cabinet & furniture lighting

DATA SHEET

Light technical information

- Efficiency: 84 lm/W
- Rated luminous flux: 420 lm
- Color Rendering Index (CRI): Ra≥80
- Beam angle: 120 °
- Correlated Color Temperature (CCT): 4200 K
- LED type: SMD2835

Electrotechnical information

- Voltage: 220-240 V AC
- Frequency: 50-60 Hz Hz
- Power: 5 W
- Driver: Built-in, non-dimmable

Basic information

- Type of protection: IP44
- Working temperature: -10 - +40 °C
- On/Off Cycles: >15 000
- Lumen Maintenance L80B50: >30 000 h
- Dimensions: 300/103/40 mm
- Color: chrome
- Warranty: 2 years
